Emotional &
Mental Health**

Social, Emotional & Mental Health

Social, Emotional & Mental Health (SEMH) is recognised as one of the four broad areas of need by the SEND Code of Practice (Chapter 6):

6.32: Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.

Looking after our mental health

How to look after your own mental health and getting help for children.
